StoryBook

The following story pages are blank. The stories come from the StoryBook CD. Only five stories are included in this demo set. The sheets should be used to encourage child to write the stories he/she has read. The word list can be used by the child to write his or her own stories and creations. Background to the pictures can also be drawn in by the child.

A full set of 40 such pages are included with the StoryBook CD. For best results, print in color.

Print the stories worksheet and hand them to the child to enhance her writing skills.
